ADDITIONAL

ITS Computational Thinking · ITS Network Security · ITS Cloud · ITS Data Analytics · ITS Databases · ITS Device Config · Network Security Support Technician · ESB · QuickBooks Certified User

Professional Summary

Highly motivated IT professional and homelab engineer. Holds CompTIA Trifecta + CySA+, EC-Council EHE/NDE, Cisco CCST, and 6x Microsoft fundamentals credentials. Designed and operates a production-grade homelab: 3-node Proxmox cluster, OPNsense edge firewall with Suricata, Wazuh SIEM/XDR, Authentik SSO, and zero-trust remote access. 1st Place SkillsUSA FL State Champion in Internetworking (April 2026). Targeting Junior Network Administrator, SOC Analyst, NOC, MSP, and IT Support roles. Detailed technical documentation and project diagrams are available at my portfolio: **masternazz.com**.

Key Achievements

APRIL 2026
SkillsUSA FL State Champion — Internetworking, 1st Place

UPCOMING
SkillsUSA National NLSC — Competitor (Atlanta, GA)

MARCH 2026
CompTIA Trifecta (A+, Net+, Sec+) within 3 weeks

APRIL 2026
CyberLaunch State Competition Participant

Work Experience

Freelance IT Technician — June 2024 – Present

Self-Employed · Boynton Beach, FL

- Remote/on-site support via RustDesk; hardware failure and network troubleshooting.
- PC builds and camera deployments with clear technical communication.

IT & Logistics Volunteer — June 2024 – Jan 2026

Center for Child Counseling · Palm Beach, FL

- Managed event logistics, inventory, and supply distribution for community programs.
- Delivered customer-facing support with a professional demeanor.

Projects — masternazz.com Homelab

Enterprise Virtualization
3-node Proxmox cluster (IBM, Dell) running 22 VMs/LXCs. Cisco PoE, Ubiquiti wireless, 3-2-1 backup strategy (PBS + Synology).

OPNsense Edge Security
Bare-metal OPNsense with VLAN segmentation, Suricata IDS (WAN netmap), AdGuard Home, and ACME wildcard certs.

Zero-Trust Access
Headscale/Tailscale mesh for admin. Public services exposed via Cloudflare Tunnel in VLAN 50 DMZ — zero WAN ports open.

SIEM / XDR Monitoring
Wazuh SIEM ingesting logs from LXCs, Windows, and Suricata. File integrity monitoring and structured alert triage workflow.
